## ► Modern Equipment

The venues feature projectors, screens, sound systems, flip charts, high-speed Wi-Fi, translation booth and more.

# Why Choose Us?

---

## ► Convenient Location

The spaces are located in easily accessible areas with excellent transport links and parking facilities.

## ► Professional Support

Our team will provide everything you need for a successful event — from organizational assistance and equipment setup to coordination and catering services such as coffee breaks and meals upon request.

# Why Choose Us?

---

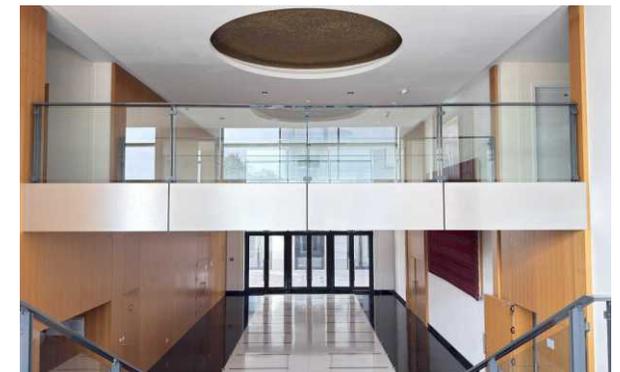

## ► Flexible Options

We offer hourly and daily booking packages, as well as weekend availability. Personalized approach for every client.

## ► Atmosphere

Comfortable and modern interiors create a welcoming environment for your attendees.

# About the past event

**5 June, 2025,  
Ashgabat, Turkmenistan**

INTERNATIONAL SCIENTIFIC AND PRACTICAL CONFERENCE  
"ENVIRONMENTAL ASPECTS OF IMPLEMENTING INNOVATIVE  
TECHNOLOGIES IN THE DEVELOPMENT OF HYDROCARBON FIELDS»

- ▶ The purpose of the conference is to strengthen the international cooperation between Turkmen state organizations and major energy companies, international organizations, academia, and financial institutions focused on the environment and green future.
- ▶ Along with this, the country is successfully solving environmental problems at the national level, including the creation of forest areas, land reclamation, and combating desertification. An example of the effectiveness of large-scale landscaping work is the wide "green" belts around the country's cities, which are replenished every year with millions of new seedlings.
